

16 Days of Activism

Freedom from Gender Stereotypes

Gippsland Film Making Campaign

For 16 Days of Activism against Gender-Based Violence, Prevention of Violence Against Women Networks across Gippsland are asking individuals and groups to create short films that promote gender equity, with a focus on freedom from gender stereotypes

What does freedom from gender stereotypes look like to you?

How do we promote gender equity so that everyone can be who they want to be?

- Submit a short film with the focus 'freedom from gender stereotypes'
- Submit your film by the 11 November 2020
- Films can be as short as 30 seconds and as long as 3 minutes- leaving you plenty of room to get creative!
- To take part, you must attend an online information session on gender equity prior to film-making in order to understand the meaning behind 16 Days and what drives violence against women

You do not need to have made a film before and we encourage all people to take part

Please contact us if you need advice on how to produce the film or support on how to submit a video

To register and learn more about this campaign, please email prevention@gippscasa.org or call 5134 3922 or 0418 727 166
